

When should I visit?

Green turtles nest in the reserve all year round.

Month	Nesting	Hatchling viewing
January	Low	Low
February	Low	Low
March	Low	Low
April	Low	Low
May	Low	Low
June	Peak nesting	Low
July	Peak nesting	Peak viewing
August	Peak nesting	Peak viewing
September	Peak nesting	Peak viewing
October	Peak nesting	Low
November	Low	Low
December	Low	Low

Peak nesting: June to October

Large numbers of turtles come ashore to lay their eggs.

Peak hatchling viewing: July to September

The best time to see hatchlings making their way to the sea.

The rest of the year

Fewer turtles nest, but they can be seen feeding close to the shore.
